

## **LACHLAN CONNELL**

Stonyfell | 0430 883 180 | lconnell1000@gmail.com

<https://github.com/lconnell1000>

### **SUMMARY:**

I've taken the scenic route into programming and have enjoyed the ride so far. My first introduction to building software was in 2013 studying petroleum engineering, where I was able to take an introduction to programming course where I built some basic software in C++. While I enjoyed the course, I took the opportunity to defer and travel and didn't look back!

Currently I'm just about to complete a coding bootcamp with the University of Adelaide. Here I've been able to improve my skills with JavaScript, HTML and CSS. I've been able to get some exposure to React and Node also.

You can take a look at my portfolio here <https://lconnell1000.github.io/React-Portfolio>. I'm looking to get a foot in the door as a Junior Developer where I can build and improve my skills in a real world setting.

Outside of work you'll find me cycling, watching a variety of sports or cooking up a plant-based storm.

### **TECH:**

- HTML, CSS, JavaScript
- Express, Node, React
- MySQL, MongoDB
- Git, Github, Heroku

### **EMPLOYMENT HISTORY:**

Waiter Midnight Spaghetti - November 2021 - Current  
Bistro Manager / The Strathmore Hotel – January 2021 - November 2021  
*Duty Manager / The Sussex Hotel - November 2018 – January 2021*  
*Duty Manager | Arkaba Hotel - August 2018 – November 2018*  
*Duty Manager | The Union Hotel September 2016 – September 2018*  
*Personal Banker / ANZ Bank Australia - May 2014 – September 2016*  
*Bartender/The Kings Head Hotel – September 2012 – April 2015*

### **EDUCATION**

**2012**

**Glenunga International High School**

**A Grades in Specialist Mathematics, Math Studies and Physics**

**2013**

**University of Adelaide**

**Petroleum Engineering – completed first year then withdrew**

- Completed first year with a credit average (high distinction in statistics and distinction in introduction to programming). Enjoyed the programming component of the degree in Matlab and C++, however was just not passionate about petroleum engineering, so decided to travel instead while considering my next steps.

**Nov 2021 - May 2022**

University of Adelaide

Coding Bootcamp

A+ average for weekly homework assignments.
